## INFORMATION FOR MATCHING WITH LOCAL IMPORTERS

**MAIN TARGETS:** Deal with end chain customers as a retailers and distributors especially from the center of the country or the far areas as well. We are looking to contact customers where the cherries and other produces did not get easily.

In addition, we want to set a commercial branch in Shanghai in order to promote our products and contact new customers. That office must be capable to import the products into the China.

#### **BRANDING**
